SUMMARY

I am currently pursuing an undergraduate degree in Computer Science and Engineering with a specialization in Artificial Intelligence and Machine Learning. I am enthusiastic about technology and eager to explore new concepts within this expansive domain.

SKILLS : **C Programming Language, HTML, CSS, SQL, SQLite3, Python**

TOOLS : **Visual Studio Code, GitHub, PyCharm**

PROJECTS

Rock, Paper and Scissors - Web Application **Nov 2024**

- Developed a web application that allows users to engage in a Rock, Paper, Scissors game. The game promotes a positive experience for users by presenting them with encouraging and uplifting messages.
- The project was constructed utilizing HTML, CSS, JavaScript, and Python.
- Link : Rock, Paper and Scissors Project Link

EDUCATION

Bachelors in Technology - Computer Science **Jun 2023 - Present**

SRM Institute of Science and Technology, Vadapalani Campus
- Specialization in Artificial Intelligence and Machine Learning
- CGPA : 9.89 / 10

Schooling - Pre. Kg to Class XII **Jun 2008 - May 2023**

Padma Seshadri Bala Bhavan Senior Secondary School, K.K.Nagar
- Class XII : 88.6 %
- Class X : 93.8 %

CERTIFICATION COURSES

Coursera - IBM **Mar 2025**

- Building AI Powered Chatbots Without Programming
- Introduction to Artificial Intelligence (AI)

Microsoft **Dec 2024**

- Azure AI Fundamentals
- Get started with GitHub

NPTEL

- Programming, Data Structures and Algorithms using Python **Oct 2024**
- Design Thinking - A Primer **Sep 2024**
- Introduction to Programming in C **Mar 2024**

Great Learning

- C for Beginners **Nov 2023**
